

Cherry blossoms

Monthly News Japan April 2010

Do you want to visit a Japanese cherry blossom festival during the 2010 cherry blossom season? Cherry blossoms can be viewed from January to June in different regions in Japan, but most of cherry blossom festivals fall between March to May. Check cherry blossom forecasts and try to catch a cherry blossom festival in Japan.

Joining tea ceremonies held under cherry trees can be a memorable experience as well. As hanami (cherry blossom viewing party) is an important Japanese custom, people enjoy eating home-cooked meals or take-out food under cherry trees. Take a look at the festival vendors which sell lots of food and souvenirs, including regional crafts and speciality food in the region. It's notable that many cherry blossom festivals hold light-up events in the evening. Below is a list of popular cherry blossom festivals in Japan.
